<https://github.com/guddukumar-gitHub>

<https://www.linkedin.com/in/guddu-kumar-in/>

## SKILLS

- ❖ JavaScript, TypeScript(Basic), Python(Basic)
- ❖ HTML, CSS, Tailwind CSS
- ❖ NodeJS, ExpressJS
- ❖ ReactJS, NextJS(App Router)
- ❖ MongoDB, SQL(Basic)
- ❖ Next-Auth-js
- ❖ Git and Github

## EDUCATION

- ❖ Bachelor of Computer Application | Amity University Online      *Current | Jan-2023*
- ❖ XII | Dr. N.C College [BSEB PATNA]                                  *2021*
- ❖ X | +2 High School, Sonai [BSEB PATNA]                        *2019*

## PROJECTS

- ❖ **ACME - Fullstack dashboard application**

*Next.js (App Router), React, PostgreSQL, NextAuth.js*

- Built a learning-focused full-stack dashboard application to deeply understand **Next.js App Router and folder-based routing**.
- Implemented **folder-based routing, nested layouts, server components, and client components**.
- Integrated **authentication and session management** using NextAuth.js.
- Used **PostgreSQL** for structured relational data storage.
- Designed reusable components and followed clean, scalable project architecture.
- Focused on real-world application structure, performance, and code readability rather than UI styling.

## EXPERIENCE

- ❖ **Fresher**

## Additional Highlights

- ❖ Familiar with **REST APIs** and full-stack data flow.
- ❖ Eager to contribute, learn quickly, and grow in a professional development environment.
